RSVP for Oktoberfest/Annual Meeting

Plan to attend our Annual Meeting /Oktoberfest at Flotilla Island on Saturday 15 October!

The meeting will start at 1800 with dinner at 1900. We will have authentic German fare: Brats, Potato Salad, Baked Beans, Sauerkraut and Soft Pretzels. Two drink tickets will be included in the \$15 price. There will be a selection of beers, including authentic German beer and Oktoberfest beer, wine and soft drinks.

Prior to dinner, we will hold our Annual Meeting for election of our leadership for the 2023 watch year! We also will vote on next year's budget.

Email your RSVP to joefirm@att.net no later than Sunday 9 October.

We have some very special events coming up so be sure to mark your calendars and RSVP to our email announcements!

Annual Mtg/Oktoberfest - Saturday 15 October
Change of Watch - Friday 4 November
Christmas Party - Friday 9 December

Nominating Committee Report

Pursuant to section 6.8 of the bylaws of Lake Murray Power Squadron, the Nominating Committee respectfully submits the following slate of candidates for service in 2023:

Bridge Officers

Commander: Lt/C Tim Barnhill, S
Executive Officer: Lt Joe Firimonte, S
Education Officer: P/C Mike Zafoot, AP
Assistant Education Officer: Drew Byrd
Administrative Officer: Lt John Klein, S
Secretary: 1st/Lt Mike Charles, S
Treasurer: Lt/C Mel Charles
Assistant Treasurer: 1st/Lt Cathy Urquhart

Members-at-Large

KT Tripathi
Gene Butler
Donnie Browning

Nominating Committee

P/C Rick Agar, P (2023)
P/C Ed Garbe, S (2024)
P/C Mike Urquhart, P (2025)

Audit Committee

P/Lt/C Betsy Agar, P (2023)
Susan Ruinen (2024)
P/C Mike Kirk, AP (2025)

Rules Committee

P/C Jerry Wise, SN (2023)
P/C Tony Dodson, SN-IN (2024)
P/C R.J. Becht, S (2025)

These members have been contacted by the Nominating Committee and have expressed their willingness to serve the needs of our squadron for the coming bridge year. On behalf of the membership, we thank them for their service. Let us all pledge to assist them to the best of our ability to make 2023 another outstanding year for our squadron.

Respectfully submitted,

P/C Fred Ruinen, N; P/C Rick Agar, P; and P/C Ed Garbe, S

Commander's Report

By Cdr Mike Urquhart, P

Really? A year in review already? But we are just into the 4th quarter...

Well, while that may be true, we are quickly nearing the end of our boating season and for many of us, our weekends are now consumed with college football and soon to be fall cleanup chores. We also are approaching our annual 2022 Change of Watch (in early November) so with all of that in mind, a year in review is in order starting from November of last year, 2021.

Our annual Change of Watch (2021) drew in a nice crowd. Members came to thank the club officers who had served the previous year and to welcome our new club officers for 2022. The event was held at Yacht Cove and the new officers were sworn in by District 26 Administrative Officer Marc Theriault, AP.

Soon after last year's Change of Watch, we were deep into the fall season and by then, most of us stowed our boats away for the upcoming winter. A few of us used that down time in late November to perform Day Marker maintenance around Lake Murray.

In December, nearly one hundred of our members gathered to enjoy some holiday cheer at our annual Christmas Party. The event was held at Yacht Cove and a nice time was had by all. We even had Santa attend our gathering this year and he shared with us his naughty and nice list.

As we got right into 2022, we dealt with a significant erosion issue on the Island causeway; which, for the safety of our members, required temporarily closing our driveway until the necessary repairs were made. It also led to rescheduling an ABC class set to be held during that period of time. Thanks to our partners at Dominion Energy and the hard work of several of our members, we reopened Flotilla Island as we entered into the month of March.

Not to be stopped, our quick thinking members overcame the causeway issue by planning a camping and boating weekend away from the island in early March and headed to Dreher Island State Park for a spring weekend of boating, camping, and fellowship. This was the first event of the year and drew a comfortable crowd. Also in March, we held our annual Oyster Roast, which was very well attended, followed by a New Member Orientation at Flotilla Island the following weekend.

Membership Chair Holly Drake speaks during New Member Orientation, which was held in March at our facility on Flotilla Island.

In early April, we held our annual Member Appreciation Day (Shake and Brake) and although the weather was slightly challenging, burgers were cooked, boats were blessed and a good time was had by all. In the weeks following, we performed our bi-annual cleanup of Goat Island and our Safety Inspectors performed dozens of Vessel Safety Checks (VSC's) at Yacht Cove Marina.

Also in April, our club was invited to participate in Season Six of America's Boating Channel on YouTube. A number of our club members' volunteered and video shoots were performed during the last week of April. All members can view these Coast Guard approved safety videos by visiting the YouTube channel at: https://www.youtube.com/channel/UC1c_rFyt1fGqvdiSauAijAg

Lake Murray Members prepare for a week of filming for America's Boating Channel.

Our club welcomed the month of May with an event scheduled for every week. First we celebrate Cinco-da-Mayo with a very successful gathering at Flotilla. The following weekend, our training team taught a daylong ABC training course, which was the makeup class from March. On that same weekend, we also conducted the year's first Reference Light check where members cruise the lake at night to ensure all of the marker lights are working properly. The following weekend, in recognition of National Safe Boating week, our club held an Open House on Saturday 21, May. We invited folks from around the Midlands to visit Flotilla and learn about America's Boating Club and how we support safe boating through education and provide several services for our community.

We closed May with a Charleston to Beaufort, S.C., cruise where our members trailered their boats to the coast and set off for a multi-day event navigating the waters of the Intercostal Waterway (ICW).

June also proved to be a busy month. On the first Saturday in June, a nice size crowd gathered for a day trip cruising up Lake Murray to Clouds Creek where they were invited to a member's home for a wonderful meal followed by a late afternoon raft up.

Speaking of rafting up, our club had its first of two official "Log Jam" raft ups on 18 June where 39 boats and 97 members and friends gathered for this annual event. June also found several members providing safety and marker boats for the Columbia Sailing Club's Overnight Sailboat Race.

(Continued on page 3)

Executive Officer's Report

By Lt/C Tim Barnhill, S

2022 has been a great year for America's Boating Club of Lake Murray (ABC Lake Murray). Thanks to our awesome members we have already accomplished so much this year.

Currently ABC Lake Murray has just over 250 members who have the privilege to call Flotilla Island our Home Port.

During 2022 we have had many successful events including educational classes for boating safety, Seamanship, Piloting and Navigation, Marine Electronics, as well as social events including a Member Appreciation Day/Shake 'N Break, Cinco De Mayo, 4th of July celebration, boating trips to Beaufort, Ocracoke Island, N.C., Lake Russell, civic duties/events that included Thornwell Children's Home Day on the Lake, Adopted Island cleanups, and Dam Swim just to name a few.

ABC Lake Murray has been serving central South Carolina since 1963 as Lake Murray Power Squadron and was originally known as Congaree Power Squadron. Lake Murray Power Squadron is part of something larger, the United States Power Squadrons (USPS).

Founded in 1914, USPS is a non-profit organization whose mission is to improve maritime safety and enjoyment through education. It has over 20,000 members organized into more than 300 squadrons and clubs.

At ABC Lake Murray our mission is to promote safety through educational classes, civic service, enjoyment of boating activities and social functions among members. We welcome new members who have an interest in boating education and safety, boating activities, civic duties and making new friends. Let's get together to improve our skills, make connections, and just enjoy being together on beautiful Lake Murray. We appreciate all our members because without you we could not do these wonderful things.

We look forward to finishing the year strong with several social events, so watch your email and RSVP to attend the Annual Meeting/Octoberfest, a Halloween Party at Flotilla Island, and the Change of Watch followed by our Annual Christmas Party/Awards night!

As always stay safe on the water!

(Continued from page 2)

As we entered July, our full schedule continued. It started with the annual Pig Picking and the 4th of July Fireworks viewing event, which is always an extremely popular event. Nearly 100 of our members and guests came out to the island to enjoy the festivities.

In addition to our second Reference Light cruise, we also hosted a large group of children from the Thornwell children's orphanage for a fun day on the lake in July.

These kids got to experience boat rides, tube rides, and floating around on the water for an afternoon. This is one of the most rewarding events we host each year and the looks on the kids' faces make all the effort well worth it. It takes a crowd to get this done and a huge thanks goes out to all of them. The ice cream truck was a big hit!

We wrapped up July by staying on Lake Murray to enjoy a lunch cruise to Buffalo Creek followed by a raft up at Camping Cove.

August started with a bang as a huge crowd towed boats to Lake Russell State Park in Georgia for a long weekend. Many started the event with a quick round of golf on a gorgeous golf course at the park. Following that activity was two full days of fun and comradery exploring beautiful Lake Russell and enjoying potluck dinners at the cabins.

As the middle of August rolled around, we completed our third Reference Light cruise of the year and then ended the month with our second official Log Jam raft up, which was held at Piglet Cove and supported 28 boats and 60 members and guests.

All of that brings us to September, which featured the Dam Swim and the Congaree River cruise. Our members also participated in multiple Island Work Days, Bridge and Committee Meetings, Flotilla Fridays and numerous unofficial raft ups throughout the year. Needless to say, we have had an extremely busy year and I've just summarized the highlights — we still have October, November and December events on the calendar!

So many of our members contributed in many, many ways to help make this year successful. While I could name many of you, I'm afraid I might miss someone, so I will leave it by thanking all of you who helped our club this year. We had a good year because of you and I look forward to seeing how far we can take this club in 2023.

Again, Thank You!

Members raft up during a cruise to Lake Russell in August.

Safety Officer's Report

By P/C Jerry Wise, SN

Running the Shallows

This time of year the leaves are turning and the many rivers and back waters of our lakes offer some fantastic views. Lake Murray has a number of rivers and creeks coming in providing areas to explore.

The Saluda River is the largest river and easiest to navigate if you follow some simple rules and have a depth sounder/chart plotter available. The plotter isn't necessary, but is more accurate than guessing or having one of the many commercial maps of the lake.

The lake levels will be dropping soon so a good sounder and plotter would do wonders extending your safe boating season. The "Garmin ECHOMAP Plus 43cv, 4.3-inch Sunlight-readable" is on Amazon now for \$264. It has features unheard of a few years ago and a great buy for the performance it offers. There also is the "Garmin 010-01550-00 Striker 4," which doesn't offer full charts but does have a mapping function with GPS and waypoint ability along with a depth sounder for only \$123.

A few things to keep in mind as you head up the rivers and shallow areas is you really don't want to be running too fast just in case the bottom comes up faster than you notice the change on your depth sounder. As the lake goes down many areas become very shallow.

While effort is made to put buoys out marking the shallows and shoals, the system isn't perfect. Some areas will be missed and others

will have buoys blown away or run over. Your depth sounder will be your friend in those cases, along with a vigilant lookout by the captain.

As you go on up the rivers, the markers end. And as you get further up the rivers a different skill set will be needed. The depth sounder, while helpful, will not be able to fully predict the dynamics of the water flow and shallows. Think about the river dynamics just like driving a car on a winding mountain road. The car wants to go to the outside of the curve as you go around the turns. Water coursing down a river does the same thing.

You will see steep banks on the outside of the turns and gently sloping areas on the inside of the turns. The river is eating away the banks on the outside of the turn and depositing the soil and silt on the inside of the turn, making sandbars and shallow areas. The water near the outside of turns is nearly always deep and navigable (hopefully you caught the word "nearly" in this sentence). Any ripples, especially if they are shaped like a "V," will indicate a snag or rock just beneath the surface. Give it a wide berth and go slow.

Keep your camera ready. In a river you are in one of the few wild areas still available in this populated land. This time of year with the leaves falling on the water and the colorful tree lined banks its hard to find a prettier place.

Lake Greenwood Day Trip Moved to Lake Murray

By P/C RJ Becht, S

Our original trip scheduled for Lake Greenwood on 30 July was cancelled due to a forecast calling for bad weather. However, not to be denied and not afraid of a little rain we moved the trip to Lake Murray. We ended up with over 10 boats for lunch at Buffalo Creek Grill. They were very accommodating and set up the whole front porch for us. Over 30 members were promptly served and we were on our way. Never to end a day early, we went to Camping Cove for a raft up. There we tied up with *Eagle Perch* where the kids, and many adults who think they are still kids, took advantage of the slide on *Eagle Perch*. All in all it turned out to be a beautiful day. If you are new to our club, please join us on an upcoming boat trip. You'll be glad you did. Hope to see you on the water soon!

Educational Report

By Lt/C Mike Zafoot, AP

Become a Better and Safer Boater with Boating Education

Greetings from the Education Department. We have had a bit of a slow year but understandable with COVID still around this spring. Regardless, we did have 28 people pass our May boating safety class.

We hope to pick up the pace this fall, having scheduled Piloting to begin 26 October, with Cruise Planning scheduled to start 1 November and a date in January being finalized for Boat Handling. These three classes are informative, educational and a great way for new members to get to know your fellow members.

Our basic boating safety class will be held twice in the spring. We're finalizing dates for March and May 2023.

I would like to encourage everyone to take a class next year. These classes will make you better and safer at the recreation you love to enjoy. We have Advanced and Elective grade classes that can be given at your request with a five-member minimum, so get your fellow boaters together.

For questions and information, email SEO Mike Zafoot at: captzool@gmail.com.

I want to thank all our members for allowing me to serve as SEO this past Bridge year. I have fully enjoyed it!

Fair winds and calm seas to you all.

**Remember, the more marine education you have,
the safer you will become on the water.**

Thornwell Children's Home Annual Day on the Lake

by P/Lt/C Wayne Cromley, S

Many thanks to those of you who contributed your time, boats and monetary donations to make our annual day on the lake a success for the residents of Thornwell Children's Home on 23 July.

Between the ice-cream truck, fresh popcorn machine, floating mats and abundance of food and boats, we have set the bar high for next year. Think I saw the biggest smiles ever when the ice cream truck rounded the corner and got onto the island with its joyful music playing.

Big kudos to Lt/C Tim and Lt Natalie Barnhill for donating and setting up the ice-cream truck; P/C RJ Becht's Carolina Pride contact for donating the hot dogs; the cash donations from Karl Skoog, Rock Lucas, P/C J and Retta Strohecker. Such contributions make this wonderful public service possible.

We had approximately 25 from Thornwell, 27 LMPS members, plus 7 member-supplied boats and kayaks. As always we were blessed with great weather and an awesome dock area for the kids to enjoy.

As P/C R.J. says, it takes a village; well he is correct, planning for this and coordinating with Thornwell starts several months prior. So if you want to get involved early let me know. Always glad to have help putting this event together.

As always our members did a great job. The smiles and memories it created for the children say it all. Thank You.

Even Boat US was on hand to help with Thornwell Children's Home Day on the Lake. Below are some of our members who volunteered to make this annual event a success.

Administrative Officer's Report

By Lt/C Valerie Hunter

LMPS had another great year in 2022. I want to thank Commander Mike Urquhart, the Bridge, Executive Committee and all of the committee chairs in the Administrative Department for their hard work and the commitment that it takes to run our club, which is one of the best in D/26.

We had a year full of activities with dedicated members working behind the scenes to make these events possible for our members. Just to mention a few highlights of the year: we started the season with Member Appreciation/Shake and Break, followed by our annual

Oyster Roast, a Cinco de Mayo celebration, what is becoming an annual Clouds Creek cruise, two log jam raft ups, our annual July Fourth Pig Roast, a cruises to Beaufort, to Lake Russell and down the Congaree River.

Throughout the year we have enjoyed impromptu raft ups and Flotilla Fridays that are a great way to meet and greet new members.

We still have some fun upcoming events with Oktoberfest, a Halloween party, the Change of Watch, and a Christmas party. So mark your calendar and make plans to join us!

Time for a Facelift: New Signage at Flotilla Island

If you had not noticed, the signage at our street entrance and on Flotilla Island were showing their age. Thanks to the efforts of Lt Joe Firimonte and P/C Debra Allen new signs were designed and ordered to include the America's Boating Club logo, which is part of a rebranding effort initiated by our national organization in 2017. Legally, we are incorporated as Lake Murray Power Squadron and we will retain that name. Debra, V/C David Allen and LMPS member Tommy Clawson installed the new signs on 23 August.

Shopping at the Ship's Store

As many of you may know our Ship's Store is open again and being managed by Lt Carol Gaylord. Carol had her first official event at our annual 4th of July Pig Roast and was able to sell much of the inventory. Because our current inventory has old logos, the prices were slashed in half and a lot of people got some really great deals.

The bridge has decided on a new logo as seen on our new signage, which will be displayed on the front of all of the apparel with the exception of our hats. Members will have the option (for an additional charge) of also placing our burgee on the sleeve.

Because of the size of the embroidery area on our hats, it was decided to continue using the burgee with Lake Murray. The word "squadron" will no longer be included in the logo. All of the current inventory (with old logos) will be available for members to see, touch and feel at our next big event, which will be Oktoberfest. Current inventory and pricing can be found on our website at: <http://lmpsonline.org/ShipsStore.htm>.

Carol will have order forms available for new merchandise displaying our new logos. If you have any questions, please feel free to reach out to Carol at oreoscoobyboo@hotmail.com or 941-321-2216.

In addition to sales items, the Ship's Store has burgees and hats available. You also can order items with our new logo.

Members Enjoy Boating and Golfing Adventure in Georgia

America's Boating Club of Lake Murray cruised Lake Russell in Elberton, Georgia, 4-7 August, staying in cottages at Richard B. Russell State Park. We had a great first day and got in 9 holes of golf on the park's beautiful Arrowhead Pointe course before starting the cruise. Thanks to P/C Tony Dodson for organizing the Captain's Choice tournament and awards ceremony for the golfers in the group!

ABC Lake Murray's members enjoyed a long weekend on Lake Russell both in the cottages and the campground. Thanks Lt/C Valerie and John Hunter for organizing such a fun cruise and Lt Susan and P/C Fred Ruinen for hosting all the dinners, which included an Italian night, Mexican night and a mixed grill night!

After a first day of golf, we had 14 boats and 47 members enjoy two days of almost 100 miles of cruising the lake, tubing, water skiing and raft ups!

We had great food and great fun with members of a great organization!

Welcome Our New Members

Welcome aboard! Great to have you as a member of America's Boating Club of Lake Murray, which has been serving central South Carolina since 1963 as Lake Murray Power Squadron. We hope you enjoy our educational classes, civic service opportunities, and all the amenities the squadron has to offer.

David & Callie Dunn - Welcome Back!

Albert & Robin Jones - Welcome Back!

Jeff & Theresa Masengale

Ed & Michelle Morin

District 26 Fall Conference Offered Virtually

The District 26 Fall Conference will be available in the comfort of your home as you sip coffee in front of your computer. It will feature three sessions beginning at 6 p.m. on Friday 21 October, with a choice of eight sessions from 9 a.m. to 6 p.m. on Saturday 22 October. Some highlights are listed below. For more information, visit the D/26 website at: <https://www.abclubd26.org/upcoming-d26-events> and watch for email announcements about login details.

FRIDAY 21 OCTOBER

6 p.m. Business Meeting

Voting and non-voting members are welcome to attend. Voting members are: squadron commanders, squadron delegates, the D/26 bridge, immediate past district commander, and the chairs of the district nominations, rules and audit committees. We will be voting on a recommendation to amend our 2022-23 budget, so D/26 can invest in collaborative programs and shared technology benefiting all squadrons. Other action items will be included in the call to meeting.

7 p.m. Awards Celebration

We had a great year in 2021 and during this celebration we will recognize individuals and squadrons for their achievements. Recognitions will include membership, publications, Vessel Safety Inspections, Cooperative Charting, education, squadron leadership

and district awards, including the 2021 Commander of the Year, Ed Fetner, and Spark Plug awards.

8 p.m. Chip Michalove, the "Shark Whisperer"

Chip Michalove is an inshore shark fishing guide out of Hilton Head with 17 seasons of experience and stories that he will share with us. He has caught a great white shark and a near record hammerhead shark off Hilton Head. So, if you enjoy inshore fishing, don't miss our guest speaker's session.

SATURDAY 22 OCTOBER

9 a.m. USPS Re-Organization Update

Ken Smith, National Planning Committee Chair and D/16 Commander, will join us virtually from Washington state to update us on actions taken by the USPS Governing Board at its September meeting and next steps.

9:30 a.m. Sharing Educational Resources

This session addresses ways squadrons can share their resources and take advantage of the excellent instructors and other resources in the district to enhance their educational program.

11 a.m. Multi-Squadron Boating Activities

This session will present ideas of how squadrons can share boating activities and Cooperative Charting events. It will feature **Lake Murray Cdr Mike Urquhart** and Mark Larson of the Hilton Head Squadron. **Lake Murray's Lt/C Tim Barnhill** will preview the D/26 Cruise and Rendezvous to be hosted by Lake Murray in May 2023.

| 29 October | Halloween Party, Flotilla Island | Lt Anthony Hughes |
| 4 November | LMPS Change Of Watch, Yacht Cove | |
| 9 December | LMPS Christmas Party, Yacht Cove | |

Log Jam #2

On 20 August, we had 28 boats and 47 members attend our second log jam raft of the season, which was held at Piglet Cove.

As you can see from the photos below, what was forecast as a washout turned into a beautiful day. There were even hot dogs served as we socialized on the water and caught up with our boating friends.

Congaree River Cruise

Our Congaree River Cruise on 25 September proved to be a nature lover's delight. Three boats with a total of nine passengers enjoyed a sunny fall day on this beautiful body of water that is often overlooked as our focus is usually on Lake Murray.

P/C R.J. Becht's grandson, Dixon said it was so much fun he wanted to bring the rest of his family next time! Our three boats cruised over 56 miles on the Congaree, Wateree and Santee Rivers, spotting an alligator among the many herons and eagles. Look for more photos on our Facebook page and website.
